

NEW LIFE FOUNDATION NEW ZEALAND

12th September 2009

Dear New Life Foundation Child Sponsors & Friends

Glorious & Josephine Shoo have, once again, asked me to pass on their huge gratitude to all the 38 New Zealand NLF Child sponsor who regular donate towards the accommodation, feeding, clothing, education, medical and spiritual nurture of the orphan, abandoned and needy children of Tanzania. They assure me (and I've seen it with my own eyes) that every \$ you donate is wisely and judiciously spent on ensuring these children are well cared for and grow up to be educated, confident young men and women and even future leaders in their community and nation.

Glorious' recent trip to New Zealand was most fruitful and he was able to minister to many church, school and community groups. He was very appreciative of the hospitality shown to him by many families and individuals during his stay. \$9,347 was donated to the New Life Foundation from schools, churches and individuals during his visit. Praise God!

The recent visit to the NLF by 20 Hebron Christian College students was a huge success and the NLF children absolutely loved their presence and the time they spent with them. I mission report is attached.

In the last few weeks, the children and staff at the orphanage have been greatly blessed by God with the visit of a US pastor, Pastor David Dodd, Glorious writes, *We are doing very well and there has been a great outpouring of the Holy Spirit in our midst. The children and the staff have*

been on fire for the Lord. We have had David Dodd and his friends from the USA and the Lord used them in a great way.

A young, single female NLF teacher, Apaukundi Swai, will be taking up the Hebron Christian College Teacher Scholarship and travelling to New Zealand to studying modern teaching methods. She will arrive around 10th October and stay for 6 weeks. Feel free to contact me to arrange for her to visit your home, stay for a meal or perhaps be accommodated for a short time.

Lastly, I attach the latest newsletter to come from Rhonda Dux, an American woman working at the New Life Foundation.

Thank you for your continued support of the NLF children.

God bless you

Geoff Matthews

Chairman
NLF(NZ) Trust
