God's Heart Hurts When Children Hurt

January 2009

Fountain of Zoë

Fountain of Zoe has received 4 new children in the last month (three of the four new children are shown in pictures to the right.) The center has also been blessed with 3 new staff members. We thank the Lord for his provision of these new members.

One of the new teachers has started to take the older children and teach them. They are learning songs (English & Swahili), how to hold a pencil/crayon and more. The older ones are even talking more and more clearly.

A few of the children were sick in January but they are now doing better.

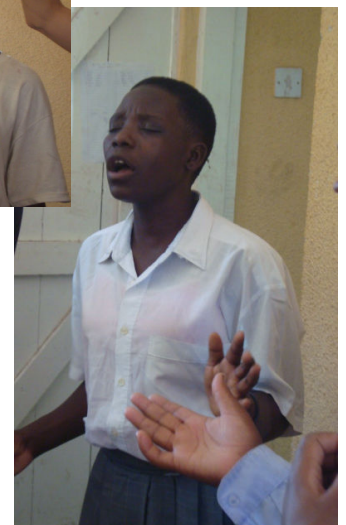

Fountain of Joy News

There has been an increase in the number of girls attending Fountain of Joy in the last month. There have been 5 new girls that joined making the total now 19 students.

Two of the girls had some serious sicknesses but after prayer they are doing very well.

Mary Gerald, the teacher of Fountain of Joy, took the girls to a crusade where they led the attendees in worship.

Fountain of Hope News

School is back in session. Students came back January 10th and everyone is busy learning. We are praising the Lord because He has answered our prayers for more teachers and more staff. We have more teachers and more staff to fill other parts of New Life Foundation. We thank you so much for your prayers.

This year at Fountain of Hope we have Form 1 & Form 2 students. We ask for your continued prayers for the Secondary School building. As the building has continued we have encountered some challenges. Please pray the building will be finished soon, please pray for the finances to continue and that all challenges will be smoothed out.

Fountain of Love News

At the start of every new school year, New Life Foundation holds a camp for students entering Form 1 (Grade 9). The camp was held this year for one week before school started. The camp was a time for learning, getting to know each other and growing in the Lord.

Form 1 & 2 students have been taking turns leading worship at ICC (International Christian Church) which is Pastor Glorious Shoo's church started last summer. They are doing a great job!

In February, the Form 2 students will be teaching the primary students on hearing the voice of God from the Kids In Ministry International curriculum.

Before the end of the last term for 2008, Mrs. Msangi coordinator for Fountain of Love, encouraged the Form 2 students to minister to take some opportunities to minister to children. There have been testimonies of the students doing it. One Form 2 student saw in her church there was no special service for children. In fact, the children in that church were pushed aside. She went to her Pastor and talked to him on the importance of ministering to children. She asked him when she is on her next break from school if she could teach on the importance of children's ministry and possibly do some ministry to children. We praise God for what He is doing through the children at

Fountain of Hope.

Fountain of Love also held children's ministry training for all new staff hired at New Life Foundation.

Praise Reports!

New Life Foundation News

In February, New Life Foundation will be holding their annual International Conference. The theme is "Teaching Children to hear from God." There will be reports given from the international bases, teaching on the theme and also testimonies from children at Fountain of Hope. We are looking forward to see how God is going to move at the conference.

We are also pleased to announce that Mrs. Martha Hizza has given birth to a healthy baby boy. The baby was born on Tuesday, January 27th. Both baby and mom are doing well.

In January, New Life Foundation conducted many interviews for new staff. We have many new staff members that have joined us in various areas throughout the organization. We thank the Lord for His provision.

A Personal Word from Pastor Glorious Shoo

We do not have a better word than "THANK YOU!" Please receive our appreciation from the bottom of our hearts. Your prayers and your support have been so great to us. We are seeing God's provision and presence everyday here at NLF. We will ask you to keep on praying for us. Several challenges are ahead of us. As the economy of the world is collapsing many people are being affected. The economy of our God will never change. He will remain faithful to his promises. We are praying for you for the way you have kept on being a blessing to us.

One of the things God said to me when we were taking actions of obedience to the call he had given us of serving the children, was I will take care of your biological children if you take care of my business. We have our two older children in college. God has kept on providing for them. The major part of their fees is through one of the "mothers" God has given us. We have received the news from our children that they passed very well in their first semester. One of them was included in the **"Dean's list of Academic achievement."**

On top of that God has provided me with an almost new car of the year 2007 by someone donating to me personally. I thank you for your continued support and prayers.

I thought I should share my personal testimony and personal blessings from the Lord, to prove that he accomplishes what he promises.

Once again thank you for your continued support.

In Christ

Pastor Glorious Shoo
