God's Heart Hurts When Children Hurt

July/August 2009

Fountain of Zoe

It is such a joy to go to Fountain of Zoe from time to time to see how big the children are getting. To see them from being infants to toddlers that are walking and talking is amazing. The children have been taught many wonderful things. When we take visitors to see them they now sing songs and they pray a short prayer for each person before we depart.

The weather here in Moshi has been unusually cool which is

hard on little bodies. Some of the children have been sick and even some of the workers. We believe they are now well and healthy. Praise the Lord for that. Fountain of Zoe has received two new children in August.

Upcoming team visits to New Life Foundation:

September: Meredith & Rich Ng from New Zealand.

Rebecca and Bill Chapman from USA.

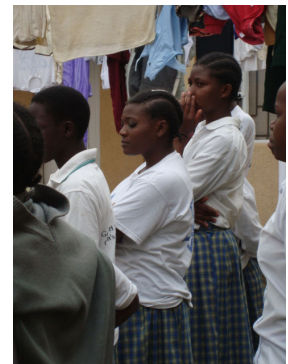

Fountain of Joy

Things continue to go well for the girls at Fountain of Joy. They are continuing in their studies and growing strong in the Lord.

In September eight of the girls will be graduating from Fountain of Joy. We are very proud of these girls and we pray the Lord will continue to bless them in whatever paths the Lord leads them on.

Please continue to pray for a new house for Fountain of Joy. They are in need of a miracle for a new house. Please pray they find a new house as soon as possible. Pray for the right house with enough space for sleeping quarters and enough space for class-

rooms, etc.

**“WHAT
OTHERS CALL
TRASH, WE
CALL
TREASURE.”**

Fountain of Love

Fountain of Love attended a regional conference of The Christ Ambassadors Student Fellowship of Tanzania in August. This is a group of born again Christian students from various schools throughout the Kilimanjaro region. Two Fountain of Hope students were selected as leaders of this group for the Kilimanjaro Region. Emmanuel Paul in Form 2 was selected as the Assistant Chairman and Anne Masika in Form 2 was selected as Treas-

urer. Please pray for them so they may be may lead with wisdom and discernment from heaven and that they will have servants hearts as well.

The Form 1 students have been used by the Lord in church ministry for some months. They have been ministering to the students at El Shadaai as the Form 2 students were doing. They have been doing very well.

Grade 7 had camp in Machame at the end of

July. There were special speakers including David Dodd from the USA, Esther Msangi (FOL) and Mrs. Milunga. They were encouraged on several areas. Some of them were how to keep pure, safe and disciplined when they are home on vacation. Grade 7 graduates in September and then they are on vacation until January. We believe they received much encouragement.

Fountain of Hope

At the end of July, all primary students sat for terminal exams. Then they went home for vacation and return in September.

Form 2 (Grade 10) sat for Moch Exams which are exams the government gives. It was a stressful time but we believe they did well. They will sit for more

government exams in September.

The older students have been using their abilities to help harvest maize for New Life Foundation. The maize they harvest is ground up in order to make various foods for the use at Fountain of Hope. We are thankful the Lord was good to us as our

crops were not as affected by the weather as other crops were.

Praise & Prayer Items

1. Please pray for a new home for Fountain of Joy.
2. Please pray for national exams that Form 2 will be taking this month..
3. Pray for national exams for Grade 4 students.
4. Pray for health and protection of all children and staff.
5. Continual financial breakthrough for NLF.

New Life Foundation

We are thankful for the teams that have come to visit New Life Foundation the last few months. In July we had a team from Hebron Christian School in New Zealand with us for 2 weeks. They were a great blessing. While they were here they lead a crusade, did school ministry, jail ministry, social visits and visited other homes for street children. They also played games/ sports with the children at Fountain of Hope.

In August we had 2 teams with us during the same time. One group was from the area of Massachusetts in the USA. They did some medical assessments at Fountain of

Joy/Zoe and spent time at Fountain of Hope teaching the children new sports games. The children really appreciated learning new games.

We also had Pastor David Dodd and Phil Hamilton back with us this year. They brought one more person with them whom they work with in America. They did a variety of things during their time here. They preached at a crusade in Mailisita, did a pastors/leaders conference, school ministry, ministered in several churches, taught at the Grade 7 camp and did lots of ministry within New Life Foundation. We are so

grateful for the ministry they did within NLF. For 3 days we had a move of the Spirit among the staff members. Many people were touched and many received the joy of the Lord that broke many yokes. No one has been the same since that time. At one point we wanted the students to get this touch of the Lord so we brought them into the building the staff were in and we prayed over them. They too received a touch of the Lord. We pray the fire continues to burn and the Spirit continues to rest upon us.

These pictures are from when the Spirit of God feel at the school.
